

TO INVESTIGATE INSURANCE RATES

President of Rating Bureau
Will Be Here
Tuesday.

C. T. Ingalls, of Oklahoma City, president of the Oklahoma Insurance Bureau, has indicated in a letter to Fire Chief Sumner Jones that he will visit Ada, next Tuesday, to make a general inspection of the city with the view of recommending some changes in insurance rates applicable to property here.

The present insurance rates here are high when compared with the schedules which are used in many other cities of the state and it was promised some time ago that when the water system, lately finished, was completed, a new schedule would be arranged on a cheaper basis, if, after an investigation the system is found to be up to the standard.

Chief Jones is confident that Mr. Ingalls will find the water works system up to the required standard and feels sure that a reduction in the rates will be recommended. He does not expect, however, that the rates will be lowered to conform to the standards which prevail at many other cities of the state, where the fire fighting equipment is more up to date than that used here.

Other conditions beside the water works system and the fire fighting equipment, which effect the insurance rates such as frame exposures within the city limits, will be thoroughly investigated by Mr. Ingalls and considered by him in arriving at his recommendations. City ordinances have regulated the erection of new structures in the city and all of the houses built since these beneficial laws were passed will pass muster, Mr. Jones is sure, but he says there are some local conditions which must be remedied before the maximum of safety can be reached.

It is thought that Mr. Ingalls will meet with the Chamber of Commerce board of directors at their regular meeting, Tuesday evening, and make some suggestions to the business men who compose the board relative to improving what is found during the investigation.

HARDING PLANS TO MEET UNION HEADS

(By the Associated Press.)
WASHINGTON, April 30.—Representatives of the marine workers' unions were told today at the White House that President Harding would take up with his cabinet officers the matter of mediation in the wage dispute with a view to preventing a threatened strike tomorrow on American ships on the Atlantic-Pacific and Gulf coasts. The department of labor interested itself in the controversy early in the day and it was understood that Secretary Davis was prepared to ask that the department be authorized to use its good offices in the event the executive decided not to appoint a special board of mediation.

THE KNOX PEACE RESOLUTION IDLE SAYS A SENATOR

(By the Associated Press.)
WASHINGTON, April 29.—Adoption of the Knox peace resolution would be an attempt to dictate the international policies of President Harding, Senator Hitchcock of Nebraska, ranking democrat on the foreign relations committee, charged today in the senate.

The Nebraska senator attacked the measure as "idle and ineffective" and declared that it was being "railroaded" through like a gas franchise through a city council, when the vote can be depended upon. The resolution is to be voted on tomorrow.

Montgomery Ward.
KANSAS CITY, Mo., April 28.—Probably one of the biggest business transactions in the history of financial deals is expected to be consummated in Chicago today when an effort will be made to consolidate the National Cloak and Suit company and the Montgomery Ward company. According to rumors, it is understood the National Cloak and Suit company is to buy up the Montgomery Ward holdings.

To Investigate Lynching.
BOWLING GREEN, Mo., April 30.—Circuit Judge E. B. Folk, today ordered an investigation of the lynching of Roy Hammond, 19 year old negro, who was hanged to a tree last night near this city, with in four hours after the judge had sentenced him to ten years in the penitentiary for an attempted assault on a 14 year old girl.

Civil War Veteran Dies at Home of His Son Friday Night

Capt. Thos. B. Blake died at the home of his son, T. B. Blake Jr., April 29, 1921, at 7:35 p. m. The funeral service was held at 10:15 a. m., April 30, and the body taken to St. Louis, Mo., for interment in the old family burying plot in Belle Fontaine Cemetery.

Capt. Blake was born June 1, 1842, in Henrico county, Virginia. He was in attendance at Virginia Military Institute during the first year of the Civil war, but as the instructors left to enter the service of the South, he was unable to go further. He then enlisted in the Confederate army and though only a boy he was made a sergeant and drill master at Fort Henry. About six months later he returned to his home county and enlisted in the 10th Virginia Artillery Battalion of which he was elected captain, although most of his men were from ten to twenty years his senior. He served with distinction through the war until near its close he was captured and taken as prisoner to Johnson's Island, where he remained until the close of the war. He was given honorable mention for distinguished valor and service in various engagements, especially at the battle of Sailor's Creek, Va.

Capt. Blake was married fifty-three years ago to Madeleine Le Moine of Petersburg, Va., who still survives him. There were three children born to them, two of whom, T. B. Blake of Ada, Okla., with whom he has made his home since he retired from business, and W. S. Blake of Memphis, Tenn., survive him.

At the close of the war Capt. Blake went to Warrensburg, Mo., and later went to St. Louis, Mo., where he engaged in the cotton business, in which virtually his entire life was spent. He was a life long member of the Episcopal church in which he was active at all times. At the time of his leaving Memphis, Tenn., three years ago, he was Senior Warden of the Cathedral there.

Capt. Blake was a fine gentleman of the old south. From distinguished parentage reaching back to the famous first families of Virginia. He was proud of his lineage but prouder still of his record as a business man where his integrity and uprightness was proverbial. He was also, a Knight Templar Mason.

Confederate Vets Forced to Defer the Cemetery Ceremonies

The Confederate Veterans will hold their annual memorial services at the First Baptist church tomorrow morning at 11 o'clock, as published in yesterday's News, but the ceremonies as announced for the cemetery will not be held.

The veterans were compelled to call off the decoration of the graves, and consequently the ceremonies there, due to the fact that they were unable to secure flowers anywhere in the city.

It is expected that a large audience will appear at the morning service at the Baptist church, and it is understood that the local post of the American Legion will participate in the services.

BUILDERS AND UNIONS VIOLATE ANTI-TRUST LAW

(By the Associated Press.)
CHICAGO, April 30.—Wholesale collusion between building contractors and unions amounting to "a conspiracy in restraint of trade under the Sherman act," is charged in indictments returned today by the federal grand jury. Seventy-one corporations and individuals were named.

At the same time indictments on similar counts against 39 other corporations and individuals returned by the March grand jury, but suppressed until today, were released.

Wewoka Farmer Shot.

WEWOKA, Okla., April 28.—Jim Hittell, farmer of northeast Seminole county, was shot three times and probably fatally wounded Thursday afternoon in an alleged altercation with Marion Griffin. It was alleged that a brother of Griffin was attempting to elope with Hittell's daughter.

Following the shooting, Marion Griffin surrendered to county authorities here.

Oklahoma City Safe.

OKLAHOMA CITY, April 30.—Mike Donally, commissioner of safety, announced today that he had instructed all members of the Oklahoma City police force to take special precaution today and tomorrow to prevent any May Day riotous demonstrations here. Donally said he did not anticipate any trouble.

A. P. Week's Weather Forecast

WASHINGTON, April 30.—Weather prediction during the week beginning Monday are: Upper Mississippi and lower Missouri valley, considerable cloudiness, normal temperature and showers.

NOTICE MASONS.

Ada Lodge No. 119 will meet tonight promptly at 7:30 for work in the Master's Degree. Visiting Masons welcome.—John Thrasher, W. M.

Not a Photo, But an Illustration Of Ada's Latest Symbol of Advancement

An artist has been at work on the streets of Ada, an artist whose palette is the symbol of progress and whose brush is law.

The first signs of the artist's work can be found—perhaps have already been found by a large percentage of those who have so long enjoyed the great American pastime of jaywalking—at the intersection of Main and Broadway, where beautiful white lines were painted on the pavement, overnight.

These lines were placed there to point out the pathway which must be followed by persons who wish to cross the busy street, and the artist who drew the lines was very liberal, making the path wide enough for all who come that way, whether the brand be jake, white mule or an indifferent quality of white corn.

Not only have the lines been drawn but also traffic cops stand in the center of the two streets and uphold with firm hand and hard bodied looks the majesty of the new ordinance.

A traffic cop in Ada! Busy!

WOULD BE BANK ROBBERS IN JAIL OTHER BIG OIL DEALS CLOSED UP

Two Men and One Woman Charged With Attempted Robbery.

(By the Associated Press.)
LAWTON, April 30.—Arthur Baulcom, James H. Hamm and Mrs. L. M. Kyle, are in jail here today in connection with the attempted robbery yesterday of the Citizens State bank at Geronimo. Charges of bank robbery probably will be filed against them officials indicated.

Officers are watching the condition of J. C. Brewer, cashier of the bank, who was seriously wounded by a shot fired by one of the men, who attempted to rob the bank. In the event of his death a murder charge will be lodged against Baulcom, officers having declared he assumes the responsibility for having shot Brewer. The cashier is said to be in a serious condition.

Hamm and Baulcom were captured yesterday in a plum thick, and three and a half miles east of Geronimo. A posse composed of officers and citizens was formed immediately after the robbery and gave chase. Mrs. Kyle was arrested in Geronimo. She denied being an accomplice of the two men.

Owners of Model Store Buy More Property Here

Firmly believing in Ada's future, Ben and Sam Scheinberg, owners of the Model store, today closed a deal which made them the owners of building now occupied by the Jackson & Bond Furniture company, at 111 West Main street.

An enormous price was paid for this choice property, which is considered one of the best locations for a business establishment in the city. The new owners announce that the property was bought merely as an investment in this growing city and that no particular business venture other than that is in view.

The deal was handled by Constant & Cowling, real estate brokers of this city.

Band to Vanoss.

The Boy Scout High school band will go to Vanoss Sunday afternoon where they will give a concert in the interest of scouting. A meeting will also be held in connection with the concert. The members of the band will meet at scout headquarters and all are urged to be on time.

He alone is rich who makes a proper use of his riches.

NO MAY DAY TROUBLE SEEN

Department of Justice Sees
no Cause for
Alarm.

(By the Associated Press.)

WASHINGTON, April 30.—Despite strikes and threats of strikes, and the already vast unemployment over the country, agents of the department of justice were said today to have found practically no evidence pointing to serious May Day disturbances. Even plans of the radical element over the country so far as known to the government officials, contemplates nothing more than limited parades of a comparative peaceful nature and the distribution of literature advocating communism and the establishment of a soviet government.

The radical leaders appeared to believe that any disturbances of drive for magnitude might handicap their drive for amnesty for prisoners convicted under war time laws.

Labor department officials insisted that it was mere coincidence that a number of strikes might be precipitated tomorrow. They pointed out that most of those, if they occurred, would come about by reason of the fact that many of the wage agreements expire on May 1.

Four men were arrested here today while distributing radical literature among workmen as they were leaving their places of employment.

Demand Release of Americans.

RIGA, April 30.—The United States government has demanded the release of American prisoners held in soviet Russia, says a dispatch from Moscow today.

Sinn Feiners Escape.

CORK, April 30.—Sean MacSwiney, brother of the late lord mayor MacSwiney, with two other Sinn Feiners, under indictment, escaped today from the Spike Island internment camp. They overpowered the guard while working outside the fort and seized a motor boat on the shore.

Supreme Council Meets.

LONDON, April 30.—The allied supreme council met here at four o'clock this afternoon to begin consideration of the measures to be adopted in connection with the German reparations situation. The meeting was held in the official residence of Mr. Lloyd George, the British Prime Minister on Downing street.

Cabinet Discusses Peace.

WASHINGTON, April 29.—President Harding and his cabinet are understood to have discussed the German reparations proposals again today, Secretary Hughes laying before them the views of the principal allied powers with regard to the offer. Meantime the American reply to the German communication was held up.

Thirteen to the Pen.

MACON, Ga., April 30.—Thirteen of the men convicted in federal court here for participation in the conspiracy to rob the American Railway Express company of goods valued at more than one million dollars, were sentenced to penitentiary terms today by federal judge, Evans. In the cases of 38 others, fines ranging from three hundred to three thousand dollars were assessed.

Diamond Ring Will Be Given Away By Dubinsky's Brothers

As is their custom, the Dubinsky Bros. stock show will give a beautiful diamond ring away to the lucky person tonight and those who have chances at the ring should not fail to be present. The ring has been purchased from the Duncan Bros. store here and will be well worth its price to the person who receives it.

Their play tonight will be entitled "The Dangerous Age" and the layout is such that not only will those who are present be well entertained, but they will also get a lesson from the play. This will close their week's engagement in the city. The jazz orchestra which accompanies the show is a feature within itself and is a great credit to the company.

A good motto for May: "I do not ask that any one shall pick me up and carry me over life's hard places. That would leave a man weak and less of a man. All I would ask my neighbor to do would be to show me how. For that I will thank him and pass the kindness along."

Cardinell Nearing Pay Region in the Test Near Francis

That portion of the field near Francis is in the spot light just now where the Cardinell Oil company, drilling at 1,248 feet in 34-5-7, is approaching the pay region. J. D. Cardinell, president of the company, reached Ada last evening from New York City, and expects to keep in close personal touch with developments at the well as the drilling progresses.

The Cardinell is drilling on an ideal surface structure and Mr. Cardinell said to the News today that he is well pleased with the prospect and expects to pick up pay sand within a week or ten days.

This is not a wild cat location, as already several wells are producing a high grade of oil in the vicinity. Owning but 170 acres in the locality of the present well, the Cardinell company have shown their faith in the location by arranging to drill two additional wells just across the section line, on the Wintersmith, Braley, Chism et al. 60-acre tract in 2-4-7.

These two wells will offset the Lee & Smith wells which have produced for more than five years, and will be located but a half mile from the Lee & Smith well on the Chism farm, which now flows ten barrels per day without the pump, after running for five years.

Mr. Cardinell hopes to get a gusher in one of the tests and announces that he has already arranged with the city of Francis for a gas franchise, if he can connect with the production.

It is also reported, unofficially, that the Lee & Smith company are planning on the drilling of two other wells on their acreage in the same locality.

If a big strike is made in either of the wells about to be drilled the production can be handled in pipe lines which have already been established from the field to the loading racks at Francis, and the refinery which has been in the course of construction at Francis for some time will soon be in shape to begin its work.

Associated with Mr. Cardinell in developing the field near Francis are W. P. Chism, president of the Bank of Francis, A. H. Kelly, well known driller and operator in Oklahoma fields and George F. Jones, a drilling contractor and oil operator who is well known in a dozen states.

APPROPRIATION BILLS BEFORE LEGISLATURE

(By the Associated Press.)

OKLAHOMA CITY, April 30.—Passage of the first measure to go through both houses of the legislature at the special session was completed today when the house passed senate bill No. 2, appropriating \$12,296,900 to redeem public bonds. The bill carried an emergency clause which makes it effective as soon as signed by the governor. Payment of the money provided in the bill is due Monday, May 2nd.

OKLAHOMA CITY, April 30.

Consideration of a number of building appropriations was before the special session of the Oklahoma legislature today as a result of the supplemental message delivered yesterday by Governor Robertson in which he opened the way for such measures.

Passage of soldier relief legislation in both senate and house marked the work of the legislature yesterday. The senate passed the unified bill prepared by the American legion appropriating one million six hundred thousand dollars to the erection of a new general hospital and tuberculosis sanatorium and to remodel the university hospital. The house passed three separate bills providing practically the same relief as the consolidated senate bill. A commission is created by both bills to administer the relief measure.

PARIS TO HONOR GENERAL PERSHING ON BASTILLE DAY

(By the Associated Press.)

PARIS, April 30.—The presence in Paris of General Pershing on July 14, Bastille Day, will be made the occasion of a large demonstration in honor of the United States, Marshal Foch, according to present plans, will return to the United States with General Pershing as a representative of the French army, accompanying the body of "an unknown American soldier."

A TREATY WITH GERMANY FOLLOWS KNOX RESOLUTION

(By the Associated Press.)

WASHINGTON, April 30.—A treaty with Germany probably will follow enactment of the Knox peace resolution, Senator Lodge of Massachusetts, republican leader, said today in the senate in support of the peace measure.

Senator Lodge decided that the president and the state department had made it clear that the United States did not intend "to abandon the allies."

SEAMEN'S STRIKE MAY BE AVERTED

President Harding and Cabinet Try to Adjust Differences.

(By the Associated Press.)

WASHINGTON, April 30.—Andrew Furuseth, president of the international seamen's union and William S. Brown, representing the marine engineer's beneficial association, conferred with secretary Davis at the labor department, after they had been told at the White House that the president would take the matter up with his advisors. They laid their situation before Secretary Hoover at the department of commerce yesterday.

Soon after the labor men entered Mr. Davis' office President Harding sent out a call for the labor secretary and Secretary Hoover to confer with him at the White House. It was understood that Mr. Davis was prepared to tell the president that experts of his department had estimated that the strike would cost the country one million dollars a day on the single item of ship value.

Ada and Atoka Will Play Fast Game Tomorrow

Ada will play Atoka, Sunday, at Fair Grounds Park. The Ada boys have been working hard all week and on Friday had the best work out this season. The weather was perfect and the boys were full of ginger. If they can play as they practiced yesterday in batting and fielding it will take an awful club to beat them. The boys do not know just what to expect from Atoka, but they say you can count on them to try and put something over.

The Ada line up will be as follows: Cover, catcher; Williams and Wilson, pitchers; Dutledge, first base; Fain, second base; Paul, young, third base; Ralph, Warner, short; Gaylord, MacMillan, left field; Zip West, center; Oliver, right; Rees, Orr and Burkhardt, utility.

New Millinery Store Will Be Opened at Burk's Style Shop

The latest addition to the ladies ready-to-wear houses in the city is the modern millinery shop which is being opened by Mrs. E. E. Whalley of Electra, Texas, who will have her location in the Burk's Style shop. She is now busy getting her stock arranged and will open for business as soon as possible. Mrs. Whalley comes highly recommended to this city and no doubt she will more than please all who pay her a visit. She will handle only the best and latest things in ladies' millinery and everything will be new. She extends an invitation to all the ladies and girls of the city to come in and see her.

Friends of Old Texas Resident Receive Word of His Death

Word has been received here by way of the telegraph that Dan Dumas, one of the old settlers of Grayson county, Texas, and who had a large number of friends in this city, died at a Sherman hospital last night. B. C. Harbert is in receipt of the telegram. "Uncle Dan" as he was known by his friends, was 78 years of age, having spent the greater part of his life in Sherman, Texas. His friends here, all of whom knew him in Texas, are deeply grieved to learn of his death.

Court House News

Roy Kiefer of the Franks neighborhood entered a plea of not guilty when arraigned before Justice W. H. Fisher today on a charge of disposing of mortgaged property, and his preliminary trial was set for next Saturday. He gave bond for his appearance at the trial.

Boy Sentenced to Reformatory

George Fitch waived a preliminary trial before Justice W. H. Fisher today, on a charge of burglary in the second degree and made bond for appearance for trial in the district court.

The case of Willie Bennett, who was arrested with Fitch last Wednesday night by a night watchman at the Coffman, Bobbitt & Sparks Hardware store and was due to be tried on the same charge, established the fact that he was but 15 years of age and his case was transferred to Judge Tal Crawford's juvenile court, where he entered a plea of guilty and was sentenced to the reform school at Pauls Valley.

The officers will not be able to transfer the boy from the jail here to the reformatory until the state legislature passes an appropriation bill granting to the state institution sufficient funds for its maintenance.

BOOTLEGGING, THE GREAT EVIL

(Continued from Page 1)

with colored water recently was sent ahead to be stopped by officials leaving the road open to a caravan of booze cars. Itinerant tin peddlers' stocks are found filled with liquor. A raid on a soft drink parlor revealed squirt guns with two-drink capacity.

New York.

NEW YORK.—Liquor is easy to get in any quantity. It is sold openly with little contempt at concealment. Rye and bourbon costs \$7 to \$9 a quart. Scotch and brandy is \$9 to \$12. Drinks over bar go at 50 to 60 cents, or in fancy teapots at restaurants from 75c to \$1. The quality is getting poorer, owing to Commissioner Enright's order to police to aid prohibition agents; also to the state enforcement act placing responsibility of local officials who in the past have passed the buck to government agents.

San Francisco.

SAN FRANCISCO.—Trucks bring wine here from the wine districts. Australian steamers bring whiskey and gin. Moonshine is \$18 a quart, bonded goods \$20 to \$25. Wine is sold freely one variety containing 25 percent alcohol being displayed in groceries and drug stores and sold over bars even as cocktails. Real beer is served with meals in some restaurants. Three thousand prohibition cases in court: one federal judge; dry law enforcement greatly handicapped.

Indianapolis.

INDIANAPOLIS.—It is estimated 1,000 quarts of liquor are made here monthly. Bonded goods are \$15 to \$18 a quart; "mule" \$15 a gallon. Much colored moonshine is sold as bonded goods. Latest tricks of bootleggers; hollow cans, holding three or four drinks, woman's skirt with "half-pint pockets" liquor concealed in loaves of bread, hauling booze in hearse.

Atlanta.

ATLANTA, Ga.—Bootleggers are operating on a big scale. Corn liquor, conveyed in cans and hot waterbottles, sells for \$10 a gallon wholesale; brandy \$12 a quart and Scotch \$15. Bonded goods are smuggled in from Nassau and Bimini to Georgia and Florida coast. D. J. Gnat, U. S. Prohibition supervisor, says much bunco booze, containing pepper sauce and colored water, is sold under fake revenue stamps.

St. Augustine.

ST. AUGUSTINE, Fla.—Quart bottles, made in the shape of milk bottles and of glass the color of milk, are the latest for whiskey containers. Paper caps are used as stoppers to aid the deception. Booze also is conveyed in auto tires and extra tanks on machine. Standard prices: Moonshine \$4, bonded goods from the Bahamas \$18. Many are making fortunes in the bootlegging business. One man says he made \$20,000 in three months. Ships bring liquor from island of Bimini to three-mile limit. Smaller boats bring it into harbors at night sinking it in shallow water.

Philadelphia.

PHILADELPHIA.—Liquor is plentiful at \$6 a quart. Trade is solicited regularly and fairly openly. Over the bar drinks are 50 cents. If you're known or properly introduced. Much diluted and doctored whiskey is being sold. Federal officials are making a record number of arrests, but can't keep pace with the supply.

Boston.

BOSTON.—Canadian bourbon and moonshine are plentiful at \$120 a case. Canadian bootleggers ship it over the border by auto. One whiskey-runner employed a shipment of radiators filled them with whiskey and plugged the ends. In shipping, it is the custom to withdraw one barrel from a drugstore stock, replacing it with moonshine, and to mix this barrel with a barrel of cologne spirits and much colored water, making three or four barrels. Sour mash stills are being discovered daily.

New Orleans.

NEW ORLEANS.—Hundreds of gallons of booze are sold here daily. Prices range from \$7 for moonshine to \$25 for best bonded. Bootleggers use false thermos bottles with section above filled with coffee. Others operate "hip bars" at 50 cents a drink. Some barber shops keep whiskey in tonic-bottles on their shelves. Women make deliveries for some bootleggers.

Milwaukee.

MILWAUKEE.—Dealing in pure alcohol instead of whiskey attains popularity here. More "kick" in smaller volume, bootleggers say, autos go in pairs in case of a breakdown. Bar prices continue at 60 to 70 cents a drink although the quality of liquor has declined. Whisky by the quart is \$20. Moonshine is \$4 to \$5 a quart.

Denver.

DENVER.—This city spends more than \$1,000 daily for bootleg whiskey. Detective Pitt estimates at least 1,000 bootleggers in the vicinity. Stills have been found in farmers' goat barn, cowshed and cesspool, with entrance through tunnels. Price war on among bootleggers owing to the glutting of the market. Booze dropped from \$4 to \$2 a pint. Two to seven bootleggers being arrested daily.

Cincinnati.

CINCINNATI.—Bandits are stealing whiskey here from bootleggers. Gun battles between them are frequent. "Hip bars" get 50 to 75 cents a drink. They are common. Case whisky costs from \$85 to \$120. Some purchasers find after they buy a case that only two bottles

NEWEST IDEA FOR THE BRIDESMAID

This chiffon and lace frock has been suggested as a pretty model for the bridesmaids who will attend our brides of late spring and early summer. It is a simple model made of straight lines, the finest lace forming the only adornment necessary. A chiffon hat to match the chiffon of the frock is a charming accessory. This may be made in any of the pale shades which the bride may choose and the lace may be tinted to match or a cream shade may be used as here.

are whisky and 10 are colored water.

Douglas.

DOUGLAS, Ariz.—Bootleggers are at war among themselves here. Liquor is stolen and often retailed after being brought over the border. The bootleggers fight dry agents openly. Four prohibition sleuths have been shot to death in the last few days. Moonshine is \$3; bonded goods \$8 a pint. Three drinks of "mule" make a man think he is Marshal Foch. Women deliver booze. Cripple carried liquor in a hollowed wooden leg. A woman was found with a pint tied to each string of her corset.

Seattle.

SEATTLE.—Bootleggers solicit liquor orders in case lots to be paid for in Vancouver and delivered to the door step in the states. Boats and autos bring booze from Canada into the northwest. A confessed bootlegger says liquor never was so plentiful. The vast quantity smuggled in recent months has reduced the price from \$160 a case to \$90. The woods in the Puget Sound district are full of cached liquor.

Birmingham.

BIRMINGHAM.—Supply of liquor is enormous but consumers are cautious, following several recent cases of alcoholic poisoning. Corn whisky \$3 a pint; rye or bourbon \$12 to \$16 a quart. Latest tricks of moonshiners is smuggling in stock of liquor in bored-out logs. Rubber where bottles often are used. There is a heavy automobile booze traffic. Dry agents are capturing more stills than ever before.

Washington.

WASHINGTON.—Liquor is plentiful here for those willing to pay the price and do not quibble over quality. Run-of-mine whiskey is \$11 and \$12 a quart; standard brands \$15 to \$18. Hotel bell boys and hack drivers maintain liaison with rum-runners and handle most of the supply. Imported gin retails at \$9 and \$10 per "short quart." Most of supply brought in by auto from Baltimore and New Jersey.

Pittsburg.

PITTSBURG.—County officials pass the buck here to government agents. Liquor is plentiful at \$10 a quart. For months "Guisepe" delivered green goods to West-enders in baskets. Police have just learned that under the vegetables in each basket was "hootch." Local bootleggers are peddling 200 cases a day downtown.

San Antonio.

SAN ANTONIO, Tex.—Military authorities say an airplane fleet is used to smuggle liquor over the line from Mexico. Each plane brings 300 to 400 quarts, as well as narcotic supplies. It lands with in wagon distance of the city, and booze then is delivered under load of hay, cotton or other farm products. Three crop failures have turned some farmers into moonshiners.

Chicago.

CHICAGO.—Frank Richardson, head of the federal special enforcement agents, has resigned, stating that it is impossible to curb bootlegging in Chicago without a large army of special agents and without co-operation of the police. Booze is obtained by the thirsty in Chicago without any great difficulty. In numerous places beer with a kick in it is openly served across the bar.

DAN MCGANN AND UNCLE SAM.

Said Dan McGann to a foreign man who worked at the self-same bench, "Let me tell you this," and for emphasis, he flourished a monkey wrench, "Don't talk to me of this bourgeoisie, don't open your mouth to speak Of your socialists or your anarchists, don't mention the bolsheveek, For I've had enough of this foreign stuff, I'm sick as a man can be Of the speech of hate, and I'm tellin' you straight that this is the land for me?"

"If you want to brag, just take that flag, an' boast of its field of blue, An' praise the dead an' the blood they shed for the peace of the likes o' you. I'll hear no more," and he waved once more, his wrench in a forceful way. "O the cunning creed of some Russian breed. I stand for the U. S. A. I'm done with your fads, and your wild-eyed lads, don't flourish your flag o' red Where I can see, or at night ther'll be tall candles around your bed."

"So tip your hat to a flag like that! Thank God for its stripes an' stars! Thank God you're here where the roads are clear, away from your kings and czars. I can't just say what I feel today, for I'm not a talkin' man, But first an' last, I am standin' fast for all that's American. So don't you speak of the bolsheveek, it's sick of that stuff I am, One God, one flag is the creed I brag! I'm boostin' for Uncle Sam."

PRACTICAL JERSEY BATHING SUIT IS SEASON'S CHOICE

The majority of the bathing suits for the coming season are made for real sport and for comfort, not just for decorative purposes, although they accomplish the latter without sacrificing the former. Jersey suits made in one piece with a short skirt attached to the suit a bit below the waistline is the most popular model. This one is orange with brown stripes.

ty felt the blow of the recent freeze. W. K. Blanchly, well known horticulturist of Washington county, announced. Some of the fruit may

be saved, he added.

ENID.—The peach, apricot and pear crop in Garfield county is considered a total loss as a result of the cold weather of last week. Some hope is held out for the apple and berry crop.

HOBART.—Officers and directors of the Kiowa County Fair association were elected at a meeting here. Plans will be immediately considered for the county fair to be held some time late in the summer.

TULSA.—An impressive ceremony took place at the University of Tulsa here recently when the student body gathered in the hall to witness the lowering of the service flag, a fixture since 1918.

McALESTER.—The Annual Spring reunion of the Scottish Rite Masons will be held here April 25, 26, 27, and 28. Wives and daughters and lady friends of the candidates will be invited to attend.

PONCA CITY.—An Indian agricultural and livestock fair for Ponca City early this fall has been launched by the chamber of commerce in conjunction with the authorities of the Ponca Indians.

TULSA.—Paving contracts representing a total of nearly \$1,000,000 to be spent in the Kendall addition were let at a recent meeting of the city commissioners. The contracts specify concrete paving.

MUSKOGEE.—Muskogee county ranked ninth in state ginning of cotton in 1920, according to figures received from the census bureau. The county showed an increase of 18,050 bales over the 1919 output.

MIAMI.—Accompanied by Sheriff Neil Harr, seven men confined in the Ottawa county jail were recently permitted to attend Sunday school at a local church. It is planned to make the attendance a weekly custom.

NOWATA.—Recommendation of another boy from this district to enter the Naval Academy at An-

apolis is requested in a letter received here from Congressman T. A. Chandler.

MUSKOGEE.—With the completion of 22 miles of hard surface roads, contract for which is now pending, Muskogee county will have 75 miles of permanent roads built at a cost of approximately \$1,000,000.

OKMULGEE.—Immediate steps will be taken by Okmulgee county commissioners to sell \$500,000 worth of road bonds authorized under a bill just passed by the legislature.

MUSKOGEE.—Muskogee deputy's fruit crop was only slightly injured by the cold wave of last week-end, J. M. White, county agent, announced. Cabbage plants and sweet potato slips were harder hit than the fruit, he said.

THE MERRY JOURNEYS OF MARY JANE

"Now you've fixed up a real treat" said Old Hullabaloo to Mary Jane.

Mary Jane and Old Hullabaloo the Hound

MARY JANE and Old Hullabaloo had been good friends ever since Mary Jane had been big enough to toddle around and pull Hullabaloo's ears, and try to tie knots in his tail.

Well, one day Old Hullabaloo came back home all tired out, with his tongue hanging out, and the first thing he said to Mary was "Have you anything good to eat in the house?" Mary said "I'll see" and she went in and looked all around.

There were some apples, and tomato ketchup, and sweet cider, and eggs. But Hullabaloo said he wasn't hungry for these things. So Mary made up a nice spread of bread and some

delicious Mary Jane Syrup, and took it out.

"Now you've fixed up a real treat" said Hullabaloo. "That's something I like." And he ate every bit of it.

Then he said: "If I were a smart little girl like you, instead of an old hound dog, I'd tell the world that Mary Jane Syrup was the very finest spread anybody could possibly use."

And that's why Mary Jane is telling everybody that Mary Jane Syrup is the best thing you could possibly give every little boy and girl—on waffles, pancakes or corn bread.

LOOK FOR the next story about "Mary Jane and the Fairy King."

FREE For all children. The complete set of 20 Mary Jane Fairy Tales; beautifully illustrated. Sent free upon receipt of one Mary Jane Label taken from can of Mary Jane Syrup. Write Corn Products Refining Company, Argo, Illinois.

A Grand Old Name

is Mary Jane—a name just as sweet and delicious as the sorghum flavored syrup you get when you ask your grocer for "Mary Jane."

For hotcakes, biscuits, and sliced bread for the children there's no syrup tastier.

It costs you less than most syrups. Get a can today at your grocer's.

"SOCIAL JUSTICE"—?

The United States army of the unemployed has been organized in San Francisco. Resolutions were adopted demanding "social justice" and condemning "charity controlled by capitalists". Labor leaders from Seattle and Portland took a leading part in the organization.

In commenting on this demand for "social justice" a prominent publisher said: "When I was a young man I cut cord wood with a friend of mine in Iowa. It was winter and zero weather. Work was scarce and the two of us received 75 cents a cord or 37 1-2 cents each a cord. We worked from daylight to dark. In fact I have never yet had time to limit my efforts to a 6-hour day or a 44-hour week."

Labor leaders (so-called) would magnify the grievances and minimize the opportunities of the laboring man today. They would hide the fact that our U. S. Constitution guarantees the greatest "social justice" of any nation in the world.

If a man wants to work he can usually find employment but it is becoming more difficult to find a place to "loaf" on full pay and dictate all the terms of employment.

DOES A NAME MAKE A BANK?

Within 30 days two Washington banks, one in Eastern and one in Western Washington, will be purchased by the Financial Securities company as the first of a chain of 60 banks which the company plans to purchase and operate according to announcement of J. J. Conway, president of the concern.

The Financial Securities company, according to President Conway, is an all-labor concern and has the indorsement of the Washington state federation. The company is capitalized at \$10,000,000.

After labor has these banks, then what? Will they loan money any cheaper? Will they loan for less security? Will they loan only to laboring men? Will they take general deposits? Will the mere name "labor banks" allow them to carry on their business in any other than a business like manner if they protect their depositors and stockholders?

When you get right down to business will a laboring man put his savings in a "labor bank" unless such bank is conducted on a strictly business basis? Let labor run a few banks under our banking laws and taxation system and we will hear fewer kicks against other banks.

URGES AMERICANS TO LEND ABROAD.

Pres. Woodin of American Car & Foundry Co., says:

"It will be a great mistake if American financiers do not realize that the desire of the rest of the world to borrow offers a great opportunity to American investors. It is almost pitiable to see ourselves in a position to lend and to hear some bankers decry it as a fault in other nations that they want to borrow. Instead of wringing their hands when they hear China wants money, or Chile wants money, they ought to be overjoyed. There are billions in the United States that should go abroad in the next few years. The position England occupies in the world finance was brought about by ability to lend, and we ought to follow the British example if we want the same measure of success. Lending is not a matter of charity, but of good business."

"Very little is to be achieved in building up a great American export trade independent of investment abroad."

THREE NEW WESTERN STATES.

Within a decade three new states will be carved out of the immense domain still known as the west.

Two-thirds of the area, four-fifths of the mineral wealth, three-fourths of the water powers, and nine-tenths of the timber are in this vast area.

This great two-thirds area which grows the surplus grain and sugar and wool and livestock that feeds and clothes the nation, has only about one-fourth the representation in Congress.

The three new states will be formed from the western slope of Colorado, from Northern Idaho and tributary territory from Washington and Montana, and another from Northern California and Southern Oregon.

These states will be called Lincoln, Columbus and Jefferson, to preserve the great national traditions surrounding these American political heroes, who discovered and founded free America.

Heroic deeds are never as good as warranty deeds when it comes to borrowing money on them.

There are men too busy doing things to boast of what they are going to do.

Oil Items

Notes By The Way
from

The Ada Field

Will Help Develop Field.

C. H. Evans an independent operator, with large holdings in the Northwest field at Burkburnett, is here looking over the Ada field with the view of investing and helping to develop the territory around the big well in 32-5-5.

Capitalist Will Return

Frank Woods, president of the Invaders Oil Co., returned to Muskogee today, announcing that he would be back in Ada next Monday, to continue negotiations on a deal in the Ada field in which thousands of dollars are involved.

Big Hunters Will Shoot.

It is reported that A. F. Kimmel and R. C. Dillard, of the Kimmel and Dillard Co., of Wichita Falls, Texas, have bought some acreage in the Ada field with the view of helping develop the field. These gentlemen are the owners of the view of helping the biggest well ever drilled in the Burkburnett field and they only hunt for big game.

Lane to Wichita Falls.

H. N. Lane of Wichita Falls, the broker who handled the sale of the G. E. Nance interest in the Carter-Nance-LaSelle syndicate's holdings to George Lowry of Muskogee, returned to Wichita Falls today, to attend to some business matters and expects to return to Ada next Monday.

Two Joints off Sand

A report from the Carter-Nance-LaSelle well on the Burk farm in 32-5-5, says that the work of placing the five and three sixteenths inch casing is progressing nicely. According to the report the casing and been placed to within two joints of the bottom at 11 o'clock this morning and practically no trouble had been encountered by the drillers. No announcement has been made by any member of the syndicate as when the sand will be drilled in.

Townsite Specialist Here.

Richard E. Racine of Fort Worth, Texas, a townsite specialist who has played an important role in the development of some of the magical cities of Oklahoma and Texas which have been created over night, is here, and expects to remain here where fortune smiles on those whose faith is right.

Mr. Racine is the owner of extensive holdings of city property at Ranger, Texas, and will likely take an active part in the expansion of Ada.

From Oil & Gas Journal.

In Pontotoc county, where the Carter-Nance-LaSelle Syndicate drilled a good looking wildcat test, in Section 32-5-5, was unchanged from last week. Since the well came in in Pontotoc county there have been scores of new leases recorded in the county, some of the prices paid being so high as to make it appear that the new discovery of oil has been taken with real seriousness. Pontotoc has been trying to win a place in the oil column for years, but with the exception of the development around Allen it has not succeeded. This year may see its dream realized.

New Syndicate Organized.

W. H. Abernathy, of the Carter-Nance-LaSelle Syndicate, has just formed a new syndicate of which he will be the head, and in which one hundred thousand dollars has been invested to date.

Mr. Abernathy has been one of the leading spirits of the organization all the way through, looking after the field work in general and the securing of leases in particular.

The new syndicate will start out with numerous valuable holdings in the way of leases in the new field, and will, no doubt, secure more from time to time. They have just purchased a rig in Texas and it is

understood that the same will be loaded out and shipped to Ada the first of next week. When the rig arrives it is understood that drilling operations will be started at once.

Weowna Company Interested.

L. D. Belden of Burkburnett, Texas, superintendent of the Weowna Oil company, is in Ada today looking after the interests of his company in this locality.

B. A. LaSelle, of the Carter-Nance-LaSelle syndicate, has been president of the Weowna company for more than four months, and it is probable that the company will drill some wells on its acreage northwest of Ada.

The Weowna Oil company is an Oklahoma corporation, which was organized by officials of the M. K. & T. railroad company, but practically all of the stock is owned by others than the Katy men.

It was the Weowna which drilled and still owns, the eight wells on the Katy right-of-way in the city of Burkburnett. The progressive company is not new in this part of the state having drilled two years ago a 3,500 foot test in Seminole county.

Scout Band Goes to Allen for Concert Last Friday Night

The Ada Boy Scout High school band made a trip to Allen last evening where they appeared in a concert in the interest of scouting at that place. The band has been going to each town in the county and this makes their fourth trip. Every where they have been heartily received, but at no place were they given the welcome that the Allen people gave them.

The band was at its best and rendered many numbers, all of which were heartily received. In addition to the band numbers, Miss Violet Moore and Charles Canning gave piano solos. Prof. W. A. Hill, director of the band rendered two selections on the cornet which were also high appreciated. Jack Moore and Douglas Lassater then came in for a share of the fun by singing "Who Put the Glow in Old Glory," in a most entertaining manner. Brief speeches were made by Perry Blue, scoutmaster of Allen troop and Harry W. Miller of Ada.

The mothers of the Allen scouts treated the members of the band with ice cream after the concert.

The new location of the Alamo Shows is east of Santa Fe depot.

Children who have worms are pale sickly and peevish. A dose or two of White's Cream Vermifuge will clear them out and restore rosy cheeks and cheerful spirits. Price, 35c. Sold by Hensler & Story, (adv)

A Rare Opportunity

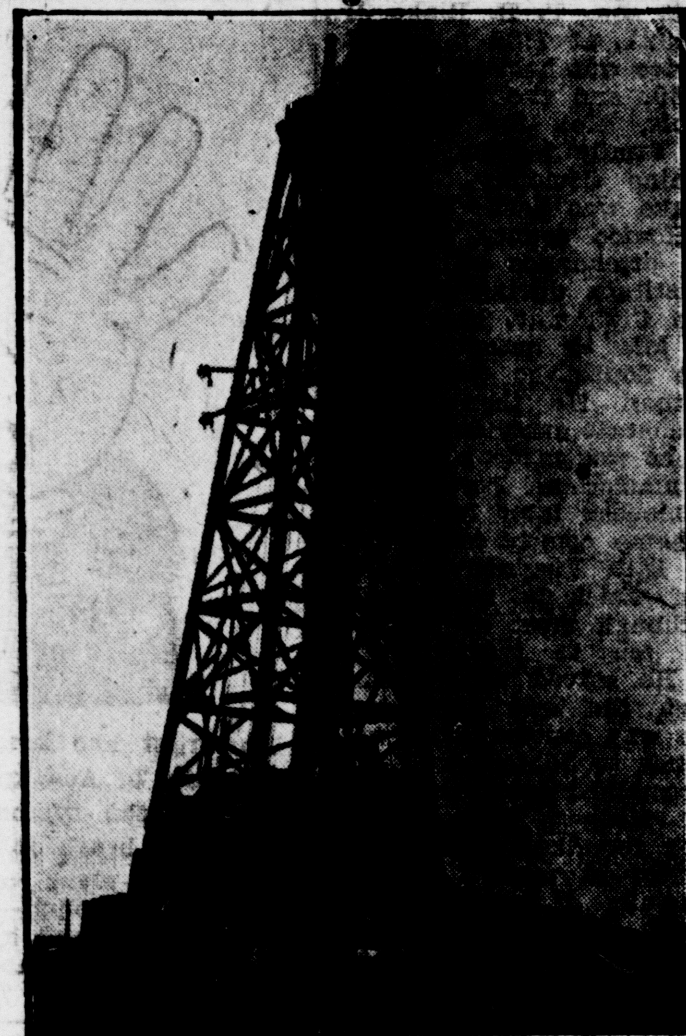

to get in on the ground floor of an excellent oil proposition

I will sell a limited number of units in

Cardinell Oil Company

An Oklahoma organization with acreage adjoining oil producing land. We own a complete drilling outfit and started our first well recently which is now down between 1200 and 1300 feet.

We expect production soon as we have already had showing of oil and gas.

Should we strike like this your investment might easily increase tenfold or more.

When oil is struck our units should immediately jump to high values.

At present I offer you these units at par value \$100 each. We are out for oil and expect to get it. Our acreage is practically PROVEN by producing wells near us.

This is one of those RARE OPPORTUNITIES

Painter Arrested on Bogus Check Charge Yesterday

Cecil Sherman, a local painter, was arrested here yesterday by a deputy sheriff, acting on instructions received from the sheriff's office at Sasakwa. An officer arrived from Sasakwa on an afternoon train yesterday and took Sherman back to that city with him, where it is said he was wanted on a bogus check charge. Sherman did not appear to take the arrest very seriously, saying that the matter was brought about by a misunderstanding which he would be able to straighten out as soon as he reached Sasakwa.

There was once a man who had to drive down a stake to tell where he left off weeding the onion row. However, after he got a farm of his own, that sort of thing came to an end.

ELECTION CASES DRAW BIG CROWD

Allen People Interested in
Result of Recent City
Election.

More than a hundred residents of the neighboring city of Allen were present in the court room here yesterday afternoon and heard District Judge J. W. Bolen render a decision in which he refused to oust the members of the Allen city council who were recently elected to the offices, because they had failed, as candidates, to file their candidacy with the county election board.

The suit was in the nature of a petition filed by Cliff Yoakum and John Smith, two defeated candidates, asking the court to restrain W. B. House, secretary of the county election board, from issuing election certificates to the men elected to city offices in Allen, April 5, because they had failed to comply with section 448 of the revised laws of 1910, which prescribes that each candidate for office shall file his name with the county election board, prior to the election.

A statement of facts was agreed to by the parties to the suit and no witnesses testified before the court. It was agreed by both parties that the men elected had not filed the certificates required by the statute. Attorney John Crawford maintained for the plaintiffs that the law requiring the certificate was mandatory and must be fully complied with before the candidate is entitled to have a certificate of election issued to him, or be allowed to take office. Attorney Orel Bushy, representing the defendant, insisted that the law referred to was not mandatory, but directory only, and cited a long line of decisions in support of his position.

Judge Bolen held the law to be directory in this case, inasmuch as the plaintiffs had not raised their objections prior to the date of the election. He said that the will of the people ought to be supreme in such cases, and that, judging from the election returns, they had chosen the officers they wanted.

Mr. Crawford said he would appeal the case to the supreme court and asked to be given until Monday in which to prepare his formal notice of appeal. Pending the decision of the supreme court the old members of the city council will hold office at Allen.

Jay Walking Comes Near Resulting in Accident to Couple

Night before last, it is reported, "jay walking" came near resulting in a serious accident to an elderly lady and a small child while attempting to cross Main street in the busy center of the city. Only the alertness of the driver of the big car, it is said, was the escape from danger effected.

This is a reminder of the fact that a "jay walking" ordinance was recently passed by the city commissioners, and it would seem that it is high time that it was being enforced.

Why would it not be a good plan for the Good Road Motor club and the Boy Scouts to aid the city in educating the people to the law by marking the streets, as is done in the more progressive cities, and do duty at the crossings long enough to educate the populace to the new plan and to its advantages?

The cock of the walk is finally cooked in the pot.

The Old Dollar is Coming Back

Reports from various parts of the country indicate that the dollar is staging a come-back, with a promise of gradual return to its old purchasing power. This is welcome news for all of us who have been wrestling with the cost-of-living problem.

It is welcome news also for the many people in this community who are saving wisely against the time when the dollar will buy a full dollar's worth again. "Keep on saving" is our advice. The old dollar is coming back.

The Most Beautiful Car in America

Master of the Highway

The world's stock car record for speed now belongs to Paige—and Paige alone.

When our "Daytona 6-66" model thundered down the beach at 102.8 miles per hour, it proved itself not only a marvelously fast car, but a superlatively good car.

Only giant strength and endurance could survive such a heroic test.

So these are qualities that you will find in any Paige 6-66.

We invite you to take one thorough demonstration behind the exclusive 6-66 motor and make a record of the tests.

Then ride in any other car—at any price—and compare the results.

Dealers to Begin Collection of Road Fund Tax on May 1

Ada, Okla., April 29, 1921.

We the undersigned dealers and distributors of gasoline being in full accord with the Good Road Motor club that has been organized in Pontotoc County for the purpose of assisting in maintaining the highways through Pontotoc county, marking the roads and as-

sist in the up-keep of the highways in every way this Good Road Motor club can assist. After a thorough investigation by this club their report is that there is but one way to keep the roads in a condition that will make them passable continuously and economically. The plan is to have some competent person on each state highway in the county working on the roads and looking after the interest of travelers.

Therefore, we, the dealers and retail sellers of gasoline, knowing that it is the patriotic duty of every person to assist in the building and maintaining of the public highways have freely and voluntarily decided to collect and pay into a fund for the dragging and maintaining the roads of the county one cent per gallon on all gasoline sold or vended by us, and we feel that every person using a gasoline driven motor vehicle should assist us and do their bit in taking care of the roads through this fund. This is the only way that all can help without hardly feeling it.

We also have found out that all hogs do not travel on four feet, but some stand upright and will not give out any thing, but, like a sponge will only give up when they are squeezed.

We ask that all buyers of gasoline patronize the dealers that so willingly are assisting in every way they can for constructing and maintaining the highways of this county.

THIS WOMAN'S EXPERIENCE

Brings a Ray of Hope to Childless Women

Lowell, Mass.—"I had anemia from the time I was sixteen years old and was very irregular. If I did any housecleaning or washing I would faint and have to be put to bed, my husband thinking every minute was my last. After reading your text-book for women I took Lydia E. Pinkham's Vegetable Compound and used the Sensitive Wash, and have never felt better than I have the last two years. I can work, eat, sleep, and feel as strong as can be. Doctors told me I could never have children—I was too weak—but after taking Vegetable Compound it strengthened me so I gave birth to an eight pound boy. I was well all the time, did all my work up to the last day, and had a natural birth. Everybody who knew me was surprised, and when they ask me what made me strong I tell them about the Sensitive Wash and the Vegetable Compound. This experience of Mrs. Smart is surely a strong recommendation for Lydia E. Pinkham's Vegetable Compound. It is only one of a great many similar cases."

Federal Officer Takes Prisoner to Coalgate Today

Edgar Keys, deputy United States marshal, of McAlester, left here today with F. M. Smith, alias L. C. Roberts, the man who was arrested here last Saturday when he undertook to cash a post office money order which had been stolen from the Luella, Texas, post office. The prisoner was taken

to Coalgate for arraignment before a United States commissioner on a federal charge.

It was learned today that the man's real name is Smith and that his folks live at Sherman, Texas, where he lived for a number of years. His full record was not learned, but Sheriff Duncan was informed by the sheriff at Sherman that Smith had been in other trouble, from which he had escaped on an insanity plea.

When arrested here, Saturday, Smith had in his possession part of a pad of money orders which had been stolen from the Texas post office, and the officers found at the express office a package containing several articles of clothing which they are led to believe were bought by him with forged money orders at Hugo and Durant.

The arrest here was made possible by some clever and well directed sleuth work done by Sam and Ben Scheinberg, owners of the Model store, whom he tried to swindle with a forged money order.

Emmett Caudle is Recovering Rapidly Daniels Being Held

Emmett Caudle, the young man who was shot five times Saturday of last week, has continued to improve since he was taken to the

hospital, a few minutes after the shooting occurred and the doctors announced today that he is able to be transferred to his home at any time.

The most serious wound was made by a bullet which entered the back of his head and plowed its way through his head and was removed from his nose. Another bullet entered his right side and is still in his body. While the bullet came very near, it did not puncture the lung tissue and the doctors do not expect the wound to give him any trouble.

Darius Daniels who is said to have done the shooting is still in jail, where he is being held pending a preliminary trial on a charge of assault with intent to kill. As Caudle is the only witness who was present when the shooting occurred it will be necessary to postpone the preliminary hearing until he is able to attend the trial.

The two men have told the of-

ficers conflicting stories about the shooting. Daniels has said that he had warned Caudle not to come to his home, while Caudle has said that he went home with Daniels at his invitation and that Daniels shot him without warning or reason.

Writing poetry is a good means of livelihood, if you have something else to keep alive on.

Southern Ice and Utilities Company

The Southern Ice and Utilities company is one of the largest corporations in the city. It is owned by a company with headquarters in Dallas, Texas. These people have a number of ice plants in four different states, but mostly in Texas and Oklahoma. Mr. C. W. Dawley is president and C. S. Dawley is vice president.

Mr. Roy L. Givens is the local manager. He came here from Terrell, Texas, where he was manager of the company's plant there for the last year. He has been connected with the company for a number of years, having been manager of the plants at Sapulpa, Okla., and other places.

These people operate an ice cream department along with the ice and cold storage, having consolidated the Ada Ice Cream company and the Ada Ice and Cold Storage company about a year and a half ago, making the present plant one of the largest and best equipped in the entire state.

The capacity is over 60 tons daily, and that of the ice cream department is 1,000 gallons daily. The company ships out ice and ice cream to all the little towns around Ada and as far away as Denison, Texas. They are now running five ice wagons and will have two ice cream trucks in the summer months. They employ from 18 to 50 in the summer, at both plants.

The institution is one of several that is a credit to the city of Ada, and the company shows its belief in the city, by installing a \$150,000 plant here.

Although Mr. Givens has only been here for a short time he is very well pleased, with the city and the business, and is contemplating buying a home in the early summer.

Advance Man Here.

Harry C. Robinson, special agent for the Greater Alamo Shows, was a caller at our office today. The show he represents comes, here

for a week beginning Monday May 2, under the auspices of the local American Legion. They come direct from San Antonio, Texas, just finished playing the Fiesta San Jacinto and the Battle of

Flowers, which is the largest spring gathering in the United States.

The Alamo shows is a unit of the Wortham Shows, consisting of a whole of one hundred cars and giving employment to a thousand people. Mr. Wortham who is the founder, is the most talked of showman in the carnival world and is to this form of entertainment what the Barnum and Ringling interests are to the circus world. The company does not hesitate to spend large sums of money for any attraction they think will interest the public either from an educational or amusement standpoint. Nothing is allowed that would not pass censorship. The show lot is directly east of the Santa Fe railway station.

DEPARTMENT STORE

Church and Sunday School

First Baptist Church.

The First Baptist Sunday school begins promptly at 9:45, except the Business Men's Bible Class which meets at the McSwain theater. We had a total present in all departments last Sunday of 501. Let's step on the gas tomorrow and go up around 500 or 600. We have a splendid class for mothers with little babies, where they can come and sit in the class and hold their babies. We also have classes for men and women up to ninety.

At the morning hour of worship the William L. Byrd camp of United Confederate Veterans will hold their annual memorial service. A splendid program has been arranged. The High school orchestra will render numbers, the quartet from the First Christian church will sing, and the address will be delivered by Hon. Tom D. McKeown, former congressman from this district. The American Legion men are asked to meet at the city hall at 10:30 and march to the church, with the Confederate veterans.

The Sunbeams will meet at 3 o'clock, with Miss Annie Bell Perry leading.

The Junior B. Y. P. U. will meet at 7 o'clock. Mr. and Mrs. A. H. Davis will be in charge. The Intermediate will be in charge of Mr. and Mrs. C. A. Bell, and will meet at 7 o'clock.

The Senior B. Y. P. U. will meet at 7 o'clock. Miss Opal Little is the president.

The evening service begins promptly at 8 o'clock and the pastor will preach an evangelistic sermon on the subject, "Oil Wells and Other Wells." You have a cordial invitation to worship with us at any and all our services. We have a splendid air of fellowship in our church, and strangers frequently comment on the warm welcome and the "at-home-ness" of our church.

CLYDE CALHOUN MORRIS, Pastor.

Sunday School Day.

At the Methodist Church.

What is known as Sunday School Day will be observed at the First Methodist church Sunday, May 1. This day was formerly known as children's day, but because of changes the name is now Sunday school day. All classes will meet as usual in their accustomed places for the regular Sunday school lessons. After the classes have been finished, a very interesting program will be given at the church at the regular church hour.

A special effort is being made by all officers and members of the school to insure a large attendance at the services on this day. The goal is placed at 500 and every effort possible will be made to reach it.

By attending one Sunday on a special occasion of this nature many persons will become regular members of the school, and better results will be obtained. Therefore all are asked to make a special effort to bring new members. The school will begin at 9:30 and fathers, mothers, sons and daughters are all wanted to be present.

Business Men's Bible Class.

The Business Men's Bible Class will meet at the McSwain theatre at 9:30. This class is taught by L. A. Ellison, cashier of the Oklahoma State bank. He is a Bible teacher of exceptional ability and will interest you if you will come.

Last Sunday morning we had one hundred men present from all walks of life, including merchants, lawyers, doctors, oil men and laborers in overalls. This is as it should be. The Bible says, "The rich and poor sit down together, and the Lord is the maker of them all." One man is as welcome as another.

Come and spend an hour with us tomorrow and we believe you will want to come back again.

Special Hi-Y Program.

The High School Y will give the following program Sunday evening at 8 o'clock, at the Methodist church:

Song Leader—Russell Bond.
Pianist—Charles Cunningham.
Carnetist—Richard Taylor.
Subject, "Clean Speech and Clean Thought."
Scripture Lesson, 2 Tim. 2:11-24.
Clean Speech a Characteristic of High Class Manhood—Harry Neely.

Effects of Clean Thoughts on Character—Charles McKellar.
Short address by Oscar Parker, R. C. Taylor and A. L. Fentem. This service will be of interest to you. Come.

Baptist B. Y. P. U. Program.

Group No. 1

1. Subject—Atonement of Christ
2. Sentence Prayer—By Members.
3. The Passover—Donald Wilmoth.
4. The necessity for the Atonement—Madeline Loddard.
5. Jesus the only one who could make it—Thelma Ford.
6. Made because He loves us—Nell Bennett.
7. Made with the consent of the Father—Cecil Qualls.
8. Our part in the Atonement—Carl Duncan.
9. Poem—Lloyd Tipton.
10. Piano Solo—Leota Brown.

Woman's Missionary Society.

The Woman's Missionary Society of the First Baptist church will meet at the church Monday afternoon in a monthly business meeting at 3 o'clock. All the members are urged to be present.

MRS. J. A. COLING, President.

Workers and Teachers Council.

The Monthly Workers and Teachers council of the First Baptist Sunday school will meet at the church Monday evening at 7 o'clock.

SCHOOL BOY GETS CITATION

Good Conduct Will Be Maintained at Meet

Included in the plans for the big day of awarding badges to all classes of scouts in the city is an honorable mention of each scout attending any school in the city who has so conducted himself that the scout oath and laws have not been broken by him.

The day of awarding badges will be held May 31 and at that time a list will be read. Sup. Hickman has been supplied with a list of the scouts in school and a record will be kept of them.

Also every scout who has attended Sunday school and church, who has shown an interest in the work will receive honorable mention.

STATE SCOUT MEET IS PLANNED

SCOUT OFFICIALS

McALESTER, April 28.—(Special) — Plans were completed here Wednesday for holding the first annual all-round meet to decide the Boy Scout championship of Oklahoma. The meet will be held in this city June 15, and according to arrangements, it will be the biggest scout meet ever staged in the southwest. Among contestants already entered are teams from Oklahoma City, Tulsa, Muskogee, Bartlesville and McAlester.

Study Wireless

Charley Harwell and Carl Spangler, both first class scouts, are studying wireless and have now about constructed the complete set. They have most of it up and by camping time hope to have it ready to take with them.

Troop Contest

The following is a report of the standing of the scouts in the troop efficiency contest for the bugle:

Troop 1 has 444 points
Troop 2: 192.
Troop 3: 164.
Troop 4: 67.
Troop 5: 70.
Troop 6: 394.

TULSA SCOUTS AID IN KEEPING LAWS OF CITY OBEYED

(Special) Drive slow! Ten miles per hour in school zones.

Those are the warnings Tulsa Boy Scouts are impressing on the motorists of this city in an effort to start a strict observation of traffic regulations.

Every day school is in session Boy Scouts stand on the four street corners of each of the school buildings holding up warning signs to motorists during the time the school children are coming to school or leaving for their homes.

The movement was started by W. O. Forman principal of one of the ward schools. The Boy Scouts responded heartily when their services were solicited. In a short time the scheme spread to other schools and now it has been adopted by the principals of each of the 22 buildings.

Not a single accident to children has been reported since the Scouts started their work.

WORK CREDIT LIST GIVEN NEXT WEEK

The scout executive, Mr. Miller, has asked that every scout supply him with the amount of work credits he now has in the bank. This report is published once a month and the boys who were mentioned last time will have the same standing at this report unless they make a report for a change.

Promptness in the matter will be greatly appreciated and it is the duty of the boys to help out by getting their reports in early.

ROFF NOW HAS FIRST CLASS BOY

ROFF, April 29.—(Special) — The first boy in the troop of boy Scouts here to pass the tests required for the first class honors was John Nichols of Troop 1. Mr. Kuykendall, scout master, reports that several other boys have passed most of the tests and he expects them to finish soon.

The Roff boys have been working hard and they will be given a court of honor soon at which they will be able to pass merit badge tests.

BOYS WARNED TO OBEY RULES

List of Necessary Articles Is Made.

The latest dope on headquarters concerning the big summer camping trip sure is a winner. Every scout in the city will want to go after he hears of the good things that await him in the mountains, along the streams and in the camp.

The executive has been hard at work for some time working out plans, getting up a list of the necessary articles and in other ways preparing for the big event of the scout year.

Every scout who has not secured his total amount of work credits should get to work as little over a month is left to earn the money. No parent is allowed to give their sons the money to go on the trip and those who do not have the proper number of credits will be disqualified. However the camp will be open to any boy who tries, and if he earns his own money, he will enjoy the trip more.

The parents who are afraid for their boys to go should not look at it in that manner. Every precaution for the safeguarding of the health, conduct and general behavior of the boy will be taken. No filthy remarks, disorderly conduct, dirty camp grounds or unhealthy conditions will be tolerated and the camp will be as safe for the boys as their home would be.

A cook will be employed to prepare the proper food for the boys and each scout will be given plenty of good wholesome food, proper times for work, play and other duties of the camp. Strict rules will be drawn up which each scout must sign and on his honor pledge to obey before he will be permitted to go. However no rule will be had that will in any way take the joy out of the trip.

No great amount of money will be necessary for the trip. Each scout after saving his fifty work credits, valued at \$12.50 will have saved enough money for the trip. Of the list of articles necessary, only a few will have to be bought, as most of them will be in their day.

are to be had at the home.

The following is a list of the articles which will be necessary to take:

- 1 scout handbook.
- 2 blankets or comforts.
- 2 towels.
- 1 dish towel.
- 2 shirts.
- 2 suits of underwear.
- 1 bathing suit.
- 1 pair of overalls.
- 1 pair of overalls.
- 1 bathing suit.
- 1 barrack bag or laundry bag.
- 1 cake of Ivory soap.
- 1 tooth brush.
- Comb or brush.
- Paper, envelopes and pen.
- Fish hooks and lines.
- Good remedy for "chigger" bites and mosquitoes.
- A knife, fork, 2 spoons
- 2 pie pans or mess kit, drinking cup.

Be prepared to take baseball gloves, baseballs, dominoes and other games.

Other articles may be taken but no excess amount of baggage is necessary outside of the articles mentioned. In the list above every convenience for camp life will be included as tents, transfer, provisions and other matters will be looked after by the committees.

COMMITTEE WORKS WITH BOYS AGAIN

The examining committee were called out on Tuesday night for the purpose of giving merit badge tests to a large number of boys anxious to make their grades. The following men were present: H. E. Hamilton, Dr. M. W. Webster, C. P. Penrose, Prof. D. T. Bradshaw, and J. E. Harris.

The Scouts who were present and passed the tests were as follows: Tom Steed passed tests for 6. Junius Ridling passed tests for 5. Terry Manville passed tests for 4. Renfro Herndon passed tests for 3. William Roach passed tests for 2, and the following passed tests for one badge: Carl Spangler, Harvey Faust, Harrel Allen, Richard Simpson, Charles Harwell.

The Boy Scout band went to Allen last night and gave a concert. Those who went report a nice time and praise the Allen people for their royal treatment to them.

FOR TORPID LIVER

Tennessee Lumberman Talks of His Successful Use of Black-Draught for Colds and Headaches.

Jamestown, Tenn.—"I have used Theodor's Black-Draught for years, in fact it is the only liver medicine that does me any good," says Mr. L. A. Ragan, a well-known lumberman of this place. "When I was single, I used it for headaches, and especially if I got a cold and feel feverish, I take a good dose of Black-Draught, and it sets me right."

"Since I have been married, I have used it in my family, and never have found its equal for torpid liver or disordered stomach, especially with children. I can recommend Black-Draught, and gladly do so."

Every member of the family occasionally needs the assistance that Black-Draught can give, in helping to cleanse the system and relieve or prevent the troubles that come from a lazy, torpid liver.

If your liver is not doing its duty, you may suffer with headache, constipation, biliousness, indigestion, etc. Unless relief is obtained, serious sickness may result. In its long and successful use, Theodor's Black-Draught has been found in thousands of cases to relieve such disorders, by stimulating the liver to do its important work. Ask for Theodor's Black-Draught, and insist on the genuine. NC-157
